

#	Page link	Step/flow	Details	Image	Status
1	http://smartjob.qmcint.com/recruiter/company#	after signup just click save button in company screen	If user just enter company name and click save button so required fields should be prompt		
2	http://smartjob.qmcint.com/login	after sign up then logout enter manually login via username and pwd			
3		forgot password work ?			
4	https://www.youtube.com/watch?v=31aF5d48623&list=PL0F22		please review the video		
5		Got this many time during sign up click			
6	http://smartjob.qmcint.com/recruiter/company#	Image uploaded in company but showing			
7	http://smartjob.qmcint.com/recruiter/job/add	3rd step of add job logo should be show from company form	right now its dummy show		
8	http://smartjob.qmcint.com/recruiter/company-jobs	whenever I click to any job details are not showing on the right	default showing 1 job details on the right side		
9		Forgot password not working	Receiving email but open always the input email page only		
10		username will change to signup email			
1	New Bug list		only 12 char restricted to show w.r.t space		
2		Welcome email page couldn't receive on email			
3	http://smartjob.qmcint.com/recruiter/job/add	without fill company details add job should be restrict to add			
4	http://smartjob.qmcint.com/recruiter/job/add	When I click Location/City/Address input so and scroll down so it moving with scroll			
5	http://smartjob.qmcint.com/recruiter/job/add	on left responsiveness are dummy 10. switch min salary - max salary For expiry date ask from the client how it will be set duplicate job now working on detail of job screen title of job not showing			

#	Page link	Step/flow	Details	Image	Status
6	On edit and on add job in preview screen	logo will be show from company details			
7		I didn't do promote job but it showing green status			
8	http://smartjob.qmcint.com/recruiter/jobs	job title character should restrict to prevent disturb of UI			
9	my company screen	Ask from client otherwise remove it
